Medicaid	62.2	56.8 - 67.3	262	38,725

¹**Survey Question 78:** Did you receive a Tdap vaccination before, during, or after your most recent pregnancy? A tdap vaccine is a shot that protects against tetanus, diphtheria, and pertussis (or whooping cough). A. No; B. Yes I received Tdap before my pregnancy; C. Yes, I received Tdap during my pregnancy; D. Yes, I received Tdap after my pregnancy.

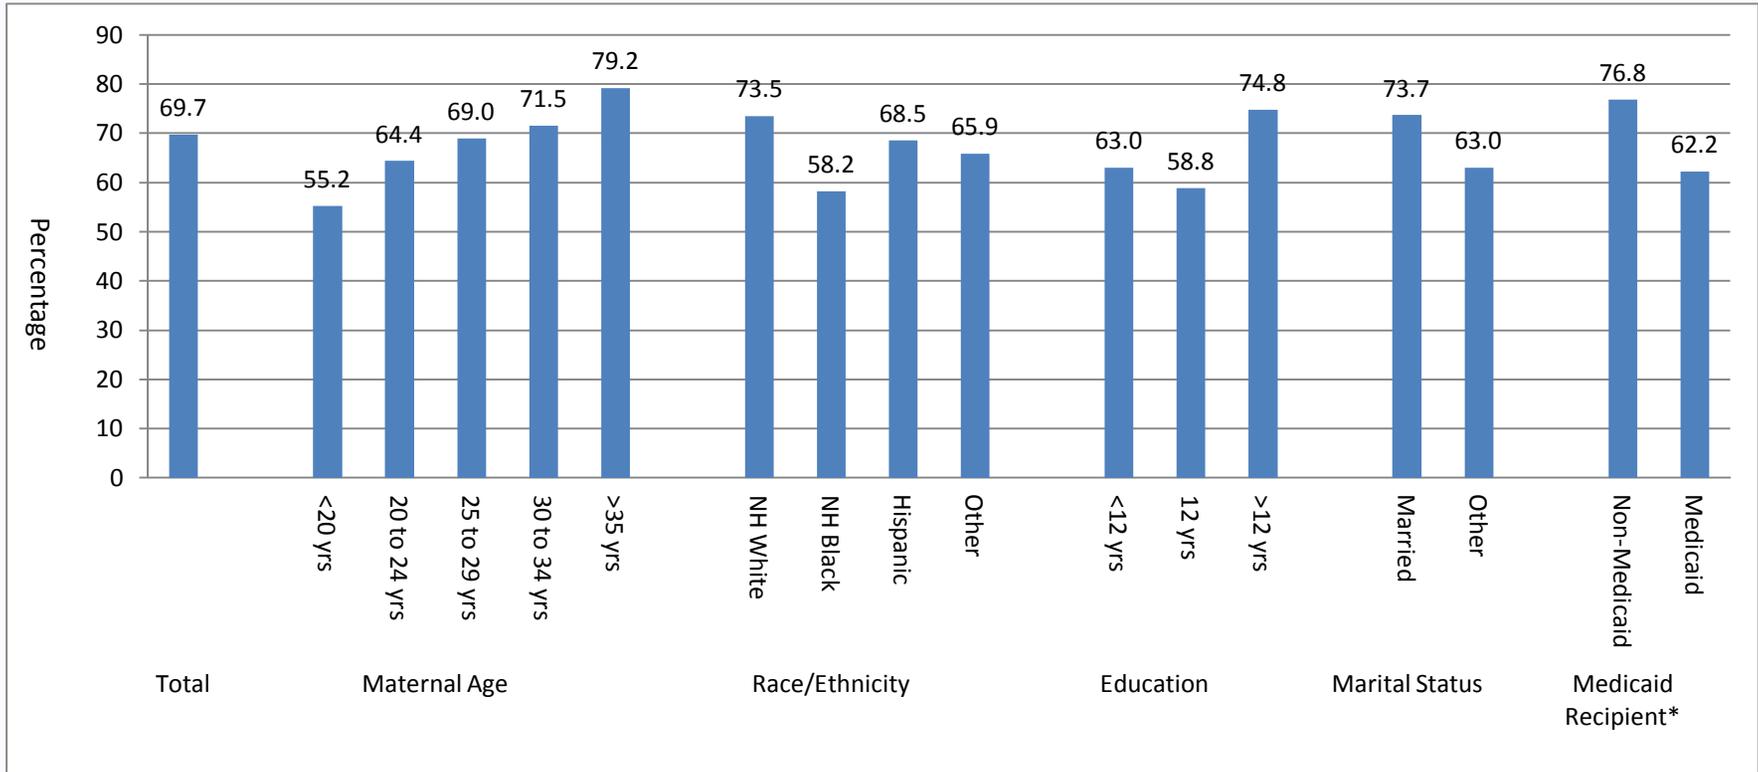

²**Percentage** = Weighted percentage of Illinois mothers giving birth in 2012 with the specified indicator for each characteristic.

³**Respondents (N)** = Total number of mothers who responded to this question with Yes; total N = 1075 (Yes or No); Total N value for each characteristic varies due to unanswered questions, survey skip patterns, and invalid responses.

⁴**Estimated population affected** = Estimated number of Illinois mothers giving birth in 2012 with the specified indicator for each characteristic

*Delivery paid for by Medicaid
